QUALITY.

THE ROVER REGENCY FOUR & SIX DOOR LIMOUSINES.

At Startins, we have been committed to setting the very highest standards in coachbuilding for quite some time.

Since 1840 our name has been renowned for craftsmanship, expertise and outstanding quality.

And you can rest assured that we continue to move with the times - and ahead of our rivals. Take our new Rover Regency six door limousine, for instance.

By uniting with one of the leading names in the automotive industry we have achieved an incomparable blend of the very best in British engineering and design.

Harnessing the full potential of the most sophisticated computer aided design systems, as well as working closely with Rover designers and engineers, the sleek Rover 800 has been transformed into one of the most stylish limousines in the world.

With its wheel base now extended by a generous 36 inches, it offers even greater room, and comfort.

But this is not all that we can add to the Rover Regency.

Our unmatched dedication to meeting the individual requirements of our customers means we can provide a host of optional extras ranging from leather upholstery to deep pile rugs, air conditioning, a mobile 'phone or even a television.

In fact, whatever you imagine the perfect limousine should have, we will do our utmost to make it a reality.

Of course, you already have a head start with a standard specification that is truly remarkable.

When it comes to performance there is the effortless pace of a 2.7 litre V6 engine, 24 valve efficiency, electronic ignition, automatic transmission, power-assisted steering, and anti-lock brakes.

In terms of luxury, you will discover fully adjustable front seats with height adjustment for the chauffeur, electric windows and central division, folding occasional seats for extra room, sumptuous velour upholstery, a crisp, 6 speaker audio system and all independent, self-levelling suspension for an impeccably smooth ride.

All creating an atmosphere of pure refinement complemented by the Rover Regency's stately profile and stylish alloy wheels.

And you can be equally sure that our Rover 4 door limousine shares this same sense of dignity, elegance and grace to make a lasting impression of excellence.

It goes without saying that both feature the solid workmanship and structural integrity we take pride in achieving for total peace of mind and true durability.

So perhaps it is time you called us on 021-327 7077 to arrange a longer look at what we have to offer.
